

AF Group's Digital Reporting Center **Fast, Convenient, Secure**

AF Group's digital reporting experience offers our agent partners access to secure, dynamic data 24/7. Accessible through our customer portals, the system was designed to provide a convenient way to pull the information you need, when you need it.

Features include:

Easy, secure, self-service accessibility to data and various reports with various printing/exporting options

Agency reporting capabilities (available on the homepage of our secure customer portal in the 'quick links' section to all agents with access)

Additional loss run report options for agent partners

Ability to create dynamic reports for customers to better service their account

The system is secure and works with all major browsers, including Google Chrome and Microsoft Edge. Visit our customer portal today to see all the reporting capabilities available to you.
