

Lezage Training Center

Online Safety Training

The Lezage Training Center is a courtesy learning tool for our policyholders. The system offers hundreds of workplace safety-related courses, many available in English and Spanish, focused on general and industry-specific exposures. System administrators can quickly access, deliver and track course completions while ensuring consistent training is provided to all team members.

Course Topics

- Accident investigation
- Back safety
- Bloodborne pathogens
- Crane rigging
- Defensive driving
- Emergency action and fire prevention
- Environmental
- Fire extinguishers
