# Course **Descriptions & Details**

## **Certified Authority on Workers' Compensation (CAWC)**

Become a workers' comp expert while earning up to 16 continuing education (CE) credits. Ask about pricing and available discounts. Join us in person or virtually, see schedule for details.

## **LEAD with Comp**

A six-month hybrid in-person and virtual mentorship program designed to help newcomers to workers' compensation insurance build confidence, elevate client conversations and accelerate growth in their book of business.

## **CE Suite**

Free, industry-accredited continuing education (CE) and continuing medical education (CME) virtual learnings to help keep insurance professionals compliant, competitive and growing, covering a wide range of topics.

## **Building a Safety Foundation: Laying the Groundwork**

A four-hour virtual course introducing core workplace safety concepts for new safety professionals. Covers OSHA basics, hazard recognition, accident investigation and job hazard analysis.

## **Building a Safety Foundation: Path to Improvement**

A four-hour virtual course for those looking to advance their safety skills. Focuses on practical tools for continuous improvement, including risk assessment, inspections, behavioral safety, training and accountability systems.

## **Food for Thought**

Bite-sized, under one-hour virtual sessions led by industry experts. This year's lineup includes keynote panels, insights from AF Group Chief Medical Director Dr. Marcos Iglesias and a broad mix of workers' compensation and multiline insurance topics.

## **Agency Intern Summer Workshop**

This complimentary three-day virtual workshop gives agent partner interns a strong foundation in workers' compensation. Participants gain the core knowledge and confidence needed to contribute quickly. Registration opens in May.

## **[Visit AFGroup.com/Education to register today!](https://www.afgroup.com/education)**

Unless otherwise noted, all classes are free for AF Group agency partners and policyholders and hosted live in a virtual environment.
